Dear [REDACTED]

We reviewed your request dated April 7, 1998, for a Letter of Map Amendment (LOMA). All required information for this request was received on May 20, 1998. Using the information submitted and the effective National Flood Insurance Program (NFIP) map, we determined that the property described below is not located in a Special Flood Hazard Area (SFHA), the area that would be inundated by the flood having a 1-percent chance of being equaled or exceeded in any given year (base flood).

Property Description:	Lot 84, Centennial Manor, Section One, Area Two, as recorded in Plat No. 6885, on September 10, 1986, in the Howard County Recorder's Office
Street Address:	3500 Char-Lil Court
Flooding Source:	Stream LPR-6

This letter amends the above-referenced NFIP map to remove the property from the SFHA. The property is now located in Zone C. Flood insurance coverage for the structure may be available under a low-cost policy (see enclosed document).

Additional information about LOMAs is enclosed. If you have any questions about this letter, please contact Ms. Helen Cohn of our staff in Washington, D.C., either by telephone at (202) 646-3457 or by facsimile at (202) 646-4596.

Sincerely,

Matthew B. Miller, P.E., Chief  
Hazards Study Branch  
Mitigation Directorate
