RE: WP-24-013 Bethany Glen ARAH (SDP-22-021)

Dear Mr. Bobotek:

This letter is to inform you that your request for alternative compliance to the Howard County Subdivision and Land Development Regulations for the subject project was reviewed.

On July 26, 2023, and pursuant to Section 16.104, the Director of the Department of Planning and Zoning, considered and **approved** your request for alternative compliance with respect to **Section 16.156(g)(2)** of the Subdivision and Land Development Regulations to extend the 45-day deadline of July 23, 2023, to resubmit the site development plan (SDP-22-021) for the Bethany Glen subdivision.

The Department of Planning and Zoning hereby determines that you have demonstrated to its satisfaction that strict enforcement of Section 16.156(g)(2) would result in an unreasonable hardship or practical difficulty. This determination is made with consideration of your alternative compliance application and the one (1) item you were required to address, pursuant to Section 16.104(a)(1):

Unreasonable hardship and practical difficulties may result from strict compliance with the regulations.

The applicant has indicated that the 14-day extension to the July 23 resubmission deadline date is a result of continued discussions with DPZ's Development Engineering Division (DED) and the Soils Conservation District regarding the stormwater management approach, the floodplain analysis and noise wall designs.

Upon the completion of the prior conceptual layout of the revised stormwater management approach, it was determined that the new layout was not feasible due to construction constraints. As a result, the development team is investigating a new design approach to address SRC Agency comments. There remains significant plan and computational updates needed to execute this design change and, thus, the applicant is seeking additional time to complete.

Granting the Alternative Compliance request does not relax any technical requirements but allows the developer additional time to finalize the new design. If the site development plan was to expire, a new submission matching the existing plan and without any resolution to the outstanding comments, would be required which would be an unreasonable hardship.

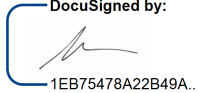

Approval of this Alternative Compliance is subject to the following two (2) conditions:

1. The applicant must provide the additional information for site development plan SDP-22-021 within 14 days of the July 23, 2023 deadline date (on or before August 6, 2023).

2. Include this alternative compliance petition decision as a general note on the site development plan (SDP-22-021). This note shall include the petition's file number, the regulatory sections, the decision date, and the condition of approval.

Indicate this alternative compliance petition file number, request, section of the regulations, action, conditions of approval, and date on the site development plan (SDP-22-021). This alternative compliance approval will remain valid for the time period specified in the conditions of approval].

If you have any questions, please contact Derrick Jones at (410) 313-2350 or email at djones@howardcountymd.gov.

Sincerely, 
Anthony Cataldo, AICP, Chief
Division of Land Development
