

*There are four geographic regions in the HoCo By Design allocation chart: Downtown Columbia, Activity Centers, Other Character Areas, and Rural West. The number of units in each region is regulated by the APFO Allocation Chart and tied to the future land use capacity as modeled and estimated in the Future Land Use Map (FLUM). More information on the FLUM and housing allocations can be found in HoCo By Design.*

- Streams, Lakes, Ponds, and Reservoirs
- Rural West
- Downtown Columbia
- Activity Centers
- Other Character Areas
- Planned Service Area
