Reservation Of Public Utility And Forest Conservation Easements

"Developer reserves unto itself, its successors and assigns, all easements shown on this plan for water, sewer, storm drainage, other public utilities and forest conservation (designated as "Forest Conservation Area") located in, on, over, and through lots 1, 2 and 3, any conveyances of the aforesaid lots shall be subject to easements herein reserved, whether or not expressly stated in deed(s) conveying said lot(s). Developer shall execute and deliver deeds for easements herein reserved to Howard County, with a Metes and Bounds Description of forest conservation area, upon completion of the public utilities and their acceptance by Howard County, and, in the case of the forest conservation easement(s), upon completion of the Developer's obligation under the Forest Conservation Installation and Maintenance Agreement executed by Developer and the county, and the release of Developer's surety posted with said agreement, the county shall accept the easements and record the deed(s) of easement in the land records of Howard County."

Continuation of General Notes

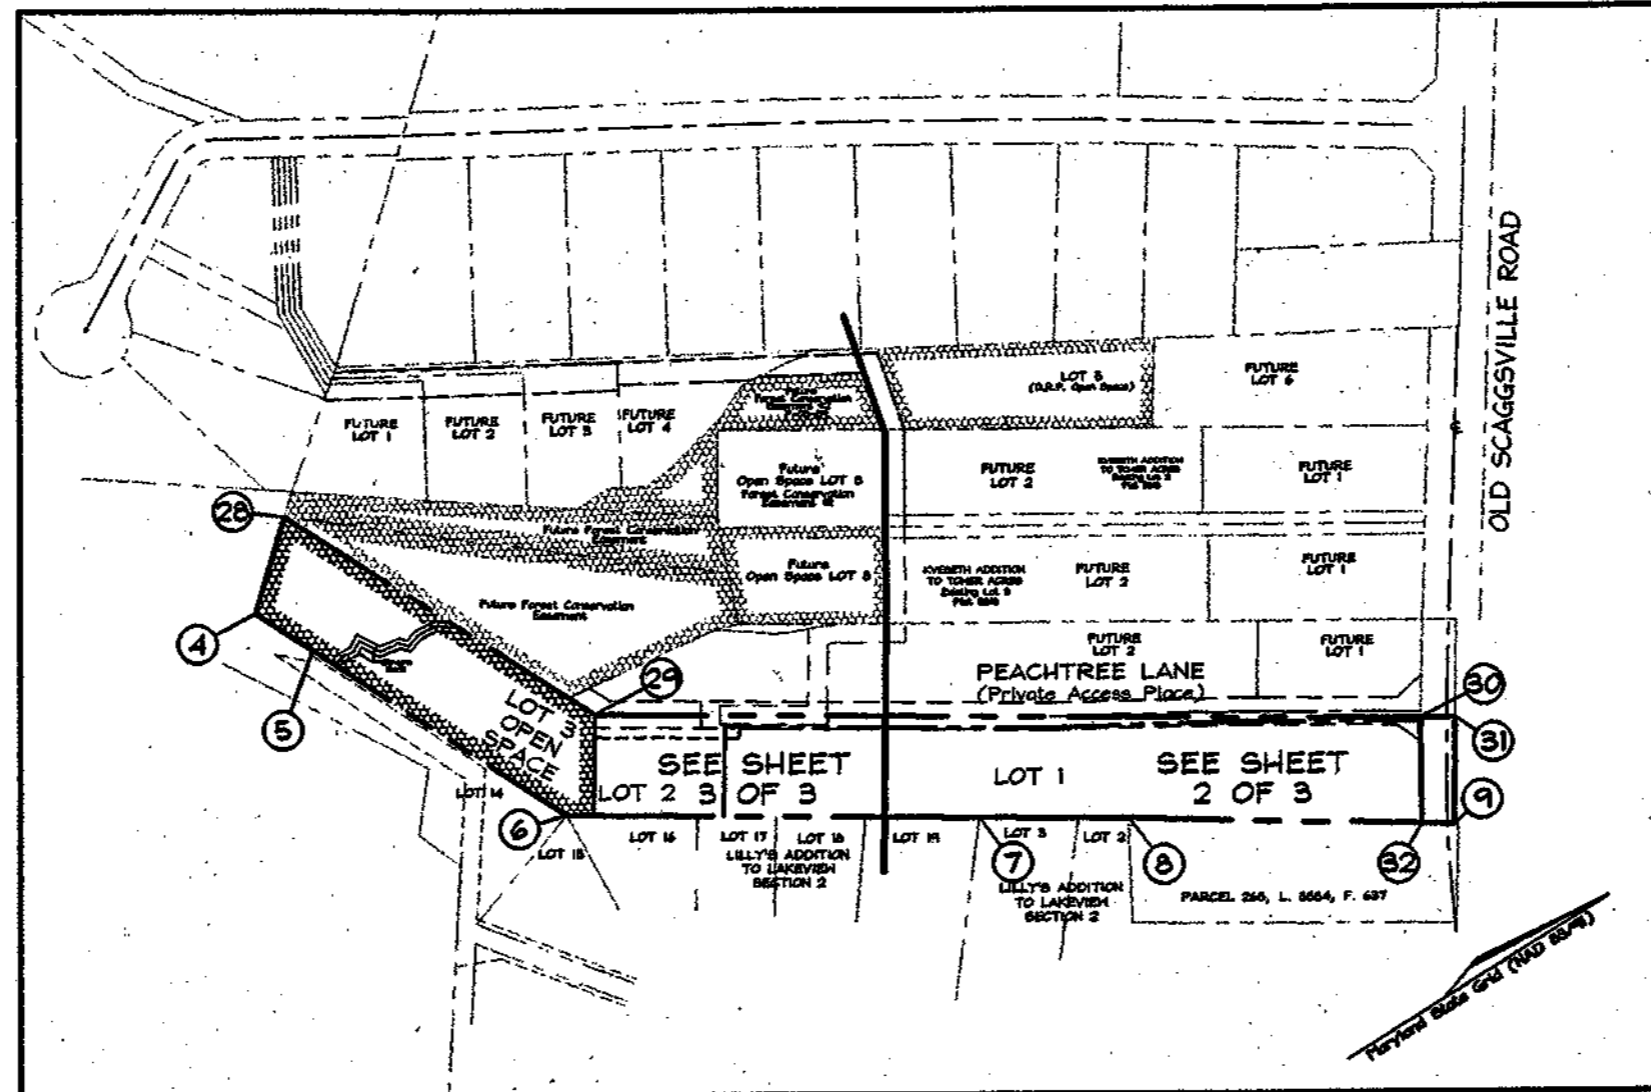

22. 20' Private Use-in-Common Access and Utility easement will be revised to a Private Access Easement, to serve up to 10 lots, as part of a future resubdivision of Lots 1 and 2. See SP-04-005 approved on September 2003.
23. There are no burial grounds on-site.
24. There is an existing dwelling on Lot 1 to remain. No new buildings, extensions, or additions to the existing dwelling are to be constructed at a distance less than the zoning regulation requires.
25. Public water and Public sewer will be used within this site.
26. Public water and/or sewer service to these lots will be granted under the Provision of Section 18.122.B of the Howard County Code.
27. Landscaping for Lots 2 and 3 is provided in accordance with a certified Landscape plan on file, in accordance with Section 16.124 of the Howard County Code and the Landscape Manual. Surety in the amount of \$ 1,500 will be posted with the grading permit.
28. Stormwater quality management and recharge is provided by the sheetflow to buffer credit for Lot 2. Stormwater quality management and recharge for the proposed driveway is provided in a grass swale within the use-in-common access easement.
29. Property is subject to waiver petition WP-03-64. On March 28, 2003 the Planning Director approved waiver petition WP-03-64 from the following sections:
 - 1) 16.120.c.2.(i) To allow pipestem Lot 2 in The Hillside at Rocky Gorge VI to be created with less than the minimum 20' of frontage onto a public road.
 - 2) 16.121.a.(1) To allow Open Space Lot 3 to have zero (0) frontage on a public road Right of Way.
 - 3) 16.120.b.4.(IV) To allow residential lots to be encumbered with an access easement for Open Space lots.

The Waiver is approved subject to the following conditions:

- 1) The record plats for the Hillside at Rocky Gorge V (F-03-79) and The Hillside at Rocky Gorge VI (F-03-80) shall be recorded concurrently with each other.
- 2) On the Hillside at Rocky Gorge V and VI the petitioner shall provide Access Easements, easements can overlap. The Access Easements to Open Space shall have a collective width of 20 feet minimum. The Department of Recreation and Parks shall not share the maintenance of the Use-in-Common Easement serving the residential lots.

Note: Condition #1 was determined by the Planning Director to not be necessary since Lot 2, Sect. 5 has 20' of frontage. The plat for Sect. 5 was recorded separately.

30. No forest conservation surety is required for this project because it is a minor subdivision that meets its obligation entirely through on-site retention.
