

**GENERAL NOTES (CONTINUED):**

26. On February 8, 2007, the Howard County Planning Board approved SDP-06-113 with the following requested setback reductions as required by the Emerson Development Criteria:
  - (A) A reduction of the spacing setback between structures for a back to back orientation for Unit 9 to Unit 19 from 50 feet to 43.7 feet and between Unit 10 to Unit 18 from 50 feet to 45.5 feet, and
  - (B) A reduction of the rear setback for Unit 26 to the rear project boundary line from 15 feet to 13 feet.
27. A waiver was granted on December 4, 2009 (WP-10-054) of section 16.102 (c)(2) which states that a resubdivision plat will cover the entire parcel area being subdivided; and Section 16.102(d), which requires resubdivision plan approval to modify a previously recorded plat for residential properties by adding or deleting lots or modifying lot lines, and which exempts resubdivisions from sketch and preliminary plans only if there is no public road requirements required and there is no addition to the area previously recorded, except for the inclusion of *dedeared* acreage which only provides the site with access or public road frontage.
 

The approval is subject to the following conditions:

  1. The HOA and/or the current property owners must be the signing entity for the owner of the proposed plat, since the changes are occurring on HOA common area.
  2. All easements, existing and new, being created or modified as a result of or by virtue of the proposed plat shall be part of the said plat contained within proposed residential lots or bulk parcels.
  3. No easements may encroach over the areas encompassing existing condominium land units, unless the owners of the affected land units are signatories to the plat.
  4. Approved design manual waivers shall be obtained for any departure in current design standards and required setbacks for all public utilities and associated easements prior to the approval of the proposed plat.
  5. Water and sewer plans shall be redlined to reflect any changes to the design and/or associated easements prior to signature approval and recordation of the proposed plat.
  6. Any previously approved site development plans for the property must be redlined or resubmitted to reflect the changes in the project resulting from the approval of this waiver and the approval of the revision plat, if any of the approved changed areas are part of that plan.
28. A waiver from design manual Volume 2-Section 5.3.B.1. was approved on 3/10/2010 by the Howard County Department of Public Works to allow for an easement over a water or sewer main less than 15 inches in diameter to be less than the required 20' in width occurs to the rear of Units 15-19, and at its worst case, in front of existing condominium Unit 23.
29. WP-03-154, Emerson 2/5B approved on August 6, 2003. Section 16.121.e. (1) waived requiring minimum 40' frontage onto a public road right-of-way for open space lots. Approval granted with the following conditions: (1) The preliminary plan for Phase 5B (P-03-16) shall show a temporary 40' access easement to open space lots 2 and 3, and that easement shall be maintained until Eternal Rings Drive is extended on a future plan for Emerson MXD.
30. Based on a decision by the Director of the Department of Planning and Zoning on August 4, 2010, the rear setback for Lot 26 is established as a reduced setback of 13' from the corner of adjoining Open Space Lot 2 (part of Plat #17366) which contains an existing recorded Forest Conservation Easement as approved by the Howard County Planning Board on February 8, 2007 shall be maintained provided the location of the building does not move from the location approved at the time, even though a lot line has been created via Plat #21092 that falls within the approved 13' setback area.
31. Based on a decision by the Department of Planning and Zoning, in order to reduce confusion regarding lot sequencing, Lots 27-28 shall retain their original numbering through this resubdivision since no new lots are being created through the resubdivision and lot lines are only being adjusted so lots will comply with setback requirements.

**GENERAL NOTES:**

1. Coordinates are based on Maryland Coordinated System - NAD83 (1991) as projected by Howard County Geodetic Control Stations No. 47G2 and 47E4.
 

STATION	NORTH	EAST	ELEVATION	DESCRIPTION
47G2	532938.964	1351224.095	364.210	X CUT
47E4	535846.135	1355431.196	338.909	CONC. MON.
2. This Plat is based upon a field run monumented boundary survey performed on or about June 25, 1999 by Daft-McCune-Walker, Inc.
3. All areas shown on this plat are more or less.
4. The subject property is Zoned MXD-3 per the July 28, 2006 Comprehensive Zoning Plan and ZB-979M. The Zoning Board granted approval of ZB-979M on September 3, 1998 for the preliminary development plan and development criteria for the 516.9 acres of land rezoned as MXD-3 and R-5C-MXD-3. The Decision and Order was signed on September 3, 1998.
5. Developer reserves unto itself, its successors and assigns, all easements shown on this plan for storm drainage, other public utilities and forest conservation (designated as "Forest Conservation Easements"), located in, on, over and through lots/parcels, any conveyances of the aforesaid lots/parcels shall be subject to the easements herein reserved, whether or not expressly stated in the deed(s) conveying said lot(s)/parcels. Developer shall execute and deliver deeds for the easements herein reserved to Howard County. Upon completion of the public utilities and their acceptance by Howard County, and in the case of the forest conservation easement(s), upon completion of the developer's obligations under the forest conservation installation and maintenance agreement executed by the developer and the County, and the release of the developer's surety posted with said agreement. The County shall accept the easements and record the deed(s) of easement in the Land Records of Howard County.
6. Landscaping is provided in accordance with a certified Landscape Plan on file with SDP-06-113 in accordance with Section 16.124 of the Howard County Code and the Landscape Manual.
7. Driveways shall be provided prior to residential occupancy to insure safe access for fire and emergency vehicles per the following minimum requirements:
  - Width - 12 feet (16 feet serving more than one residence);
  - Surface - 6 inches of compacted crusher run base with tar and chip coating (1-1/2" min.);
  - Geometry - Maximum 15% grade, maximum 10% grade change and minimum of 45 foot turning radius;
  - Structures (culverts/bridges) - Capable of supporting 25 gross tons (H25 loading);
  - Drainage Elements - Capable of safely passing 100-year flood with no more than 1 foot depth over driveway surface;
  - Maintenance - Sufficient to insure all weather use.
8. Previous Howard County Department of Planning and Zoning File Nos.: S-99-12, PB-339, ZB-979-M, WP-01-14, WP-03-154, F-03-16, F-04-53, WP-09-143, WP-05-24, SDP-06-112, SDP-06-113, WPO6-120, WP-06-121, PB-359, F-05-93, F-07-139, F-10-020, WP-09-143, and WP-10-054.
9. Minimum building restriction setbacks from property lines and public road rights-of-way are to be in accordance with the Development Criteria approved with the Comprehensive Sketch Plan S-99-12 and the decision and order for PB-339 approved on July 1, 1999.
10. Water and sewer service to these lots will be granted under the provisions of Section 16.122.B of the Howard County Code.
11. Public water and sewage allocation will be granted before the record plats are recorded.
12. There are no known cemeteries on this site.
13. Phasing for this project is in accordance with the decision and order for Zoning Case: ZB-979M and the decision for and order for PB-339 (Comprehensive Sketch Plan S-99-012).
14. Stormwater management (SWM) for this project has been addressed under F-04-53 Emerson, Section 2, Phase 5A with the installation of a Stormwater Management Facility which will control the runoff per the latest approved Design Standards.
15. The wetlands delineation study for this project was prepared by Daft-McCune-Walker, Inc. dated September 1998 and was approved by the U.S. Army Corps of Engineers on December 19, 2001. There are no wetlands on site.
16. The floodplain study for this project was prepared by Howard County, dated 1986.
17. This project complies with the requirements of Section 16.1200 of the Howard County Code for Forest Conservation. Development of Emerson Section 2, Phase 7 under the current Forest Conservation Act proposes no forest clearing, forest retention, or reforestation. When evaluated cumulatively with previous phases of the project, 61.73 acres of clearing, 53.93 acres of retention, or reforestation is proposed. The cumulative reforestation obligation is 7.81 acres. There is no Forest Clearing, Forest Retention, or Reforestation proposed on site. The Forest Conservation requirements were met via off-site Forest Conservation easements credit on Emerson Open Space Lots Per F-05-49.
18. WP-05-24, Emerson, Section 2, Phase 7, approved on October 29, 2004 to waive Section 16.146(a) to waive the requirement of submitting a preliminary subdivision plan for this phase of the Emerson MXD project. Approval is granted with the following conditions: (1) The limits of the property associated with this phase shall extend to the boundary of future Eternal Rings Drive and up to the eastern boundary of existing Open Space Lot 2. (2) The Petitioner shall submit a final subdivision plan application within 9 months of the date of approval of this waiver (on or before July 29, 2005).
19.  Denotes iron pipe or rebar and cap found/set  
 Denotes concrete monument found/set  
 Denotes angular change in bearing
20. Emerson Section 2 Phase 7 was allocated 120 units with the recordation of plat # 17669, Parcel 'A' was allocated 60 units and Parcel 'B' was allocated 60 units. Additionally, Parcel 'A' received 44 tentative unit allocations from Emerson Section 2 Phase 6A, plat #17678 for a total of 164 units (60+60+44=164). With the recordation F-07-138, Plat Nos. 18931-18933, Emerson Section 2 Phase 7, Parcel 'A' will have 40 tentative housing unit allocations reserved and Parcel 'B' will have 37 tentative housing unit allocations reserved. The remaining 87 housing unit allocations from Emerson Section 2 Phase 7 (164-40-37=87) were shifted as follows: 20 housing unit allocations were shifted to Emerson Section 5 Area 4, Parcel A-1, SDP-06-159 and the remaining 67 housing unit allocations were shifted to Emerson Section 2 Phase 8, Parcel 'B'.
21. WP-06-120 (Parcel A) and WP-06-121 (Parcel B) to waive section 16.124.B.1 of the subdivision and land development regulations which requires that a sidewalk be constructed along roadways were denied on June 23, 2006.
22. This Plan has been prepared in accordance with the provisions of section 16.124 of the Howard County Code and the Emerson Landscape design criteria. Financial surety for the required landscaping in the amount of \$52,050 must be posted as part of the Developer's agreement.
23. A waiver was granted on April 14, 2009 (WP-09-143) of section 16.156 (O)(1)(ii) to extend the approval status for SDP-06-113 in order to apply for building permits for all single family attached or Condominium Dwelling Units approved within 2 years of signature approval of the SDP for this project; and from Section 16.120 (c)(4) Requiring that all SFA Residential lots have a minimum of 15 feet of frontage on a public road or located on a private road not exceeding 200 feet measured from the edge of the public right-of-way along the centerline of the private road.
24. The areas to be conveyed to Berkshire Place at Haddon Hall Homeowners Association, Inc. ("HOA") include Non-Buildable Bulk Parcel C and any other areas which may be conveyed and described in one or more deeds to the HOA, from time to time, and recorded among the land records of Howard County, Maryland.
25. The roads shown hereon (Young Rivers Court, Summer Waves Way, and Northern Lakes Lane) are intended to be private and to be owned and maintained by the Berkshire Place at Haddon Hall Homeowners Association, Inc. Each Condominium unit owner and lot owner will have the right to use the private roads, per Liber 11314, Folio 293. Access rights and maintenance responsibilities associated with a portion of the private roads designated herein between adjacent Parcel B and this subdivision are recorded among the Land Records of Howard County Maryland in Liber 10867, Folio 378 and Liber 12286, Folio 156.

**OWNER'S DEDICATION**

We, Columbia Builders, Inc., A Maryland Corporation by Theodore J. Wies III, Vice President, Owner of the property shown hereon, hereby adopt this plan of Resubdivision, and in consideration of the approval of this Final Plat by the Department of Planning and Zoning, establish the minimum building restriction lines and grant unto Howard County, Maryland, its successors and assigns,

- The right to lay, construct, and maintain sewers, drains, water pipes, and other municipal utilities and services, in and under all roads and street rights-of-way and the specific easements shown hereon;
- The right to require dedication for public use the beds of the streets and/or roads, and floodplains and open spaces, where applicable, and for other good and valuable consideration, hereby grant the right and option to Howard County, to acquire the fee simple title to the beds of the streets and/or roads and floodplains, storm drainage facilities, and open spaces, where applicable;
- The right to require dedication of waterways and drainage easements for the specific purpose of their construction, repair and maintenance; and
- That no building or similar structure of any kind shall be erected on or over the said easements and rights-of-way.

Witness our hands this 2 day of SEPT 2010
