LINDSAY'S CHOICE
ROADS AND STORM DRAINS

GRADING AND SEDIMENT CONTROL NOTES
1. A minimum of 24 hours notice must be given to Howard County Office of Inspection and Permits prior to the start of any construction, (410) 547-4500.
2. All vegetative and structural practices are to be installed according to the provisions of this plan and are to be in conformance with the Howard County Landscaping and Storm Water Manual.
3. All grading and sediment control structures, dikes, and sediment basins are to be in conformance with the Howard County Landscaping and Storm Water Manual.
4. All grading and sediment control structures, dikes, and sediment basins are to be in conformance with the Howard County Landscaping and Storm Water Manual.
5. All grading and sediment control structures, dikes, and sediment basins are to be in conformance with the Howard County Landscaping and Storm Water Manual.
6. All grading and sediment control structures, dikes, and sediment basins are to be in conformance with the Howard County Landscaping and Storm Water Manual.
7. All grading and sediment control structures, dikes, and sediment basins are to be in conformance with the Howard County Landscaping and Storm Water Manual.

GENERAL NOTES
1. All construction shall be in accordance with the Howard County Department of Public Works Standard Specifications for Construction, unless otherwise noted.
2. The existing utilities and obstruction shown are from the best available records and shall be verified by the contractor prior to construction. In case of any discrepancy, the existing utilities shall be removed by the contractor at his own expense.
3. The site shall be left in a neat and clean condition, and all construction material and equipment shall be stored in such a manner as to be in no way hazardous to the public.
4. The contractor shall notify the Howard County Department of Public Works prior to the start of any construction.
5. The site shall be left in a neat and clean condition, and all construction material and equipment shall be stored in such a manner as to be in no way hazardous to the public.

ENGINEER'S CERTIFICATION
I certify that the plans and specifications for the construction of the sewer and sediment control system are complete and accurate. The plans and specifications are in conformance with the requirements of the Howard County Landscaping and Sediment Control District. The contractor shall provide the Howard County Landscaping and Sediment Control District with an "as-built" plan of the project within 30 days of completion.

DEVELOPER'S CERTIFICATION
I certify that the development and construction of the sewer and sediment control system will be done according to the plans and specifications, and that the project is in compliance with all applicable regulations.
