Mr. Raj Kathuria
7410 Grace Drive, LLC
13007 Twelve Hills Road
Clarksville, MD 21029

Dear Mr. Kathuria:

RE: WP-16-125, Grace Drive, Fino Vino (SDP-15-078)

The Director of the Department of Planning and Zoning considered your request for a waiver from the Howard County Subdivision and Land Development Regulations.

As of the date of this letter, the Planning Director **approved** your request to waive **Section 16.156(l) – Payment of Fees; Posting of Financial Obligations**, which requires the payment of fees and posting of financial obligations within 180 days of receiving approval of the site development plan, and **Section 16.156(m) – Submission of Originals for Signature**, which requires the submission of the original mylar within 180 days of approval of the site development plan.

Approval is subject to the following conditions:

1. The payment of fees and posting of financial obligations must be completed **on or before July 26, 2016**.
2. The original mylar of the Site Development Plan must be submitted for County signatures **on or before July 26, 2016**.

Our decision was made based on the following:

Extraordinary hardship or practical difficulties which may result from strict compliance with the Regulations - The extraordinary hardship or practical difficulty involved with this waiver request would require the developer to submit a new site development plan. The developer has requested the extension to allow additional time to acquire the securities needed for the completion of the developer's agreement. If the waiver petition was not approved, the developer will miss the deadline date for the submission of the original mylars, and a new Site Development Plan would be required thus placing a hardship on the applicant.

Not Detrimental to the Public Interest - Approval of the waiver request will not alter the essential character of the neighborhood and will not substantially impair the appropriate use or development of the surrounding properties. The design of the site development plan will not change, but will allow the developer additional time to acquire the funds needed to post their developer's agreement. The granting of the waiver petition for an extension of the APFO milestone deadline date will not change the design of the site and will not be detrimental to the public interest. The waiver request does not request a relaxation in the design regulations; therefore, the approval of this waiver request will not be detrimental to the public.

Will Not Nullify the Intent or Purpose of the Regulations - Approval of this waiver request will not nullify the intent or purpose of the regulations since the design of the site development plan will not change, but will allow the developer's additional time to arrange for the financial sureties required for the developer's agreement.

Indicate this waiver petition file number, request, section of the regulations, action, conditions of approval, and date on all related plats, and site development plans, and building permits. This requested waiver will remain valid for the time period specified in the conditions of approval.

If you have any questions, please contact Brenda Luber at (410) 313-2350 or email at BLuber@howardcountymd.gov.

Sincerely,

Kent Sheubrooks, Chief
Division of Land Development
